Forge Your Season.

Yardsmith® is focused on providing effective and innovative products to the world of gardening & landscaping. With an emphasis on function, quality, advanced ergonomics, and durability. Our line of lawn and garden tools is perfect for those forming the earth into beautiful landscapes.

Yardsmith® provides the highest quality and best value in lawn and garden products. Having three primary manufacturing facilities, Yardsmith® is able to work in a very close relationship with their production teams in every phase of a product's development. Yardsmith® meticulously designs with durability, functionality, and ergonomics as the focus of their products to provide the end user with the most satisfying gardening experience. Using the latest technology and manufacturing processes Yardsmith® provides high quality products at an exceptional value in watering, pruning and digging tools.

Gardens, trees, shrubs, flowers, and grasses require consistent watering for them to reach their highest growth potential. Yardsmith® watering products provide the tools to make sure plants are getting all the watering they need. From the most ergonomic nozzles to the most efficient sprinklers, Yardsmith provides innovation to the watering market to satisfy everyone from the weekend gardener to the professional landscaper. With full lines of nozzles, sprinklers, repair fittings and connectors Yardsmith has the tools necessary for ensuring the most beautiful landscapes.

Pruning trees, shrubs and flowers not only improves the general health of the plant, it also increases fruit production, flower blooms and improves the overall aesthetics and health of the plant. The Yardsmith® cutting tool line includes a full range of hand pruners, loppers, shears, and saws. With the repetitive motion demanded in pruning, the Yardsmith® pruning tool line focuses on; comfort, ergonomics, functionality, and durability.

POWER FORM
STEP

Nothing can thrive without care. Garden soil is the foundation of every kind of growth. Cultivating the soil with a shovel, rake, fork, or hoe is the basis for further growth. Yardsmith® sets new standards in design and function. Wherever heavy work needs to be done, such as digging, loosening, and transplanting, or moving compost materials, soil, sand, snow, gravel or other bulk materials, quality products are indispensable. Yardsmith offers a full range of long and short handle digging tools for forming the ground into a beautiful landscape.

PREMIUM QUALITY

Nothing can thrive without care. Garden soil is the foundation of every kind of growth. Cultivating the soil with a shovel, rake, fork, or hoe is the basis for further growth. Yardsmith® sets new standards in design and function. Wherever heavy work needs to be done, such as digging, loosening, and transplanting, or moving compost materials, soil, sand, snow, gravel or other bulk materials, quality products are indispensable. Yardsmith offers a full range of long and short handle digging tools for forming the ground into a beautiful landscape.
